Colorectal & Related Cancers Support Group

First Tuesday of each month
6:00 – 7:30 pm

A peer to peer discussion group supporting individuals and families touched by any stage of colorectal cancer and related hereditary risk syndromes.

Those affected by syndromes such as Lynch and FAP, are welcome to attend this **new** monthly support group. Guest speakers will periodically share insight and information. Questions? Please call 616-453-8399.
