End of Life in Michigan: Needs Assessment Report

Notes about Format

Note these format features to ease reading of the report:

- Each section has a table of contents in the upper right corner of the first page.
- Sections 2 through 11 have these features:
 - Key points pulled from the text as sidebar boxes with a key icon.
 - Quotes pulled from the text in shaded sidebar boxes with quotation marks and italicized font.
 - Shaded sidebar boxes with brief explanations of terms or further information about certain issues.
 - In the text of the report, quotes and paraphrases from interviewees are printed in *italic* without quotation marks. Most are positioned separately and indented.
 - Each section ends with a discussion of implications for policy and programs and a list of key points.
 - References are listed at the end of the report.
