

MCC Video Viewing Fax Back Form

The MCC is committed to making sure that the video is shared with as many people as possible. As an MCC member representative, we need your help. Please show the video to others both within and outside of your organization. We all have an interest in controlling cancer in Michigan, and we can accomplish so much more by getting others to help the MCC achieve its priorities.

Each time you show the video to others, please let us know by completing and faxing back this form.

Thank you for your commitment and dedication to the MCC. It is because of you that the MCC is able to make significant progress in the fight against cancer.

Name _____

Organization _____

1) **On what date did you show the MCC video?**
