Welcome From MCC Co-Chairs

Welcome to the 2012 Michigan Cancer Consortium (MCC) Annual Meeting: Moving Forward What You Can Do to Fight Cancer in Michigan. We are glad you are able to join us for great education sessions, poster presentations and professional networking. The planning committee has worked hard to bring you expert speakers and we hope you take advantage of everything the conference has to offer.

We are pleased to announce the release of the 9th MCC Implementation Progress Report to the Membership. This report encompasses an array of important implementation efforts by MCC member and partner organizations during 2011. There is also a focused data summary on the six MCC Special Projects which span from 2009-2011. We look forward to working together as we focus on and creating policy and system change and reducing cancer health disparities. Join us as we honor the 2012 MCC Spirit of Collaboration Award winners. The Spirit of Collaboration Award is the highest honor the MCC presents to member organizations. It recognizes outstanding collaborative work that significantly moves cancer prevention and control activities forward in Michigan.

Please remember to visit the Poster Session which features MCC Member Organizations. The posters highlight their work on Cancer Health Disparities or Policy, System & Environmental (PSE) Change. The posters will be displayed in the Quad Room, adjacent to the Atrium. Additionally, there is a summary of each poster in the back of the Program Book. Please make sure you spend some time reviewing these informative projects.

Enjoy your day!

Aaron P. Scholnik, MD, FACP
Charles H. Sherwin, FACHE
