PROGRAM DESCRIPTION
Advances in diagnosis and management of breast cancer are occurring rapidly. New knowledge in genetics, molecular biology, as well as targeted and radiation therapy have allowed for better outcomes and potentially lower incidences. Due to advancements, breast cancer is no longer the number one cause of mortality in women. Covenant Cancer Care Center Second Annual Symposium “Advances in Oncology: Focus on Breast Cancer” will bring together national, as well as regional clinicians, to discuss the latest information on management of hormone receptor positive breast cancer, breast reconstruction, value in cancer rehabilitation, breast cancer screening and management guidelines, radiation therapy and breast conserving therapy in the management of DCIS. The most current information on recently approved treatments and outcomes will be emphasized.

TARGET AUDIENCE
Physicians, nurses and allied health professionals involved in cancer management.

AGENDA

OBJECTIVE
Upon completion of this activity the participant should be able to:
• Discuss new developments in the management of hormone receptor breast cancer
• Identify current strategies used in the treatment of breast reconstruction
• Identify at least three important national healthcare dynamics that are affecting cancer rehabilitation care
• Utilize current breast cancer screening and imaging guidelines
• Identify issues in radiation therapy treatment planning of post-mastectomy patients
• Utilize optimal strategies in treating DCIS

FACULTY
Sussan Bays, MD, FACS, Chair of Meeting
Medical Director, Breast Health Program, Covenant HealthCare, Saginaw, MI

Gidy Babiera, MD, FACS
Professor, Department of Breast Surgical Oncology, Division of Surgery, The University of Texas MD Anderson Cancer Center, Houston, TX

Edward Chang, MD
Assistant Professor in the Department of Plastic Surgery, The University of Texas MD Anderson Cancer Center, Houston, TX

Paul Kocheril, MD
Medical Director, Covenant Radiation Center, Saginaw, MI

Mark Ludka, MD
Medical Director, Covenant Breast Health Center, Saginaw, MI

Binu Malhotra, MD
Medical Oncologist/Hematologist, Covenant Cancer Care Center, Saginaw, MI

Lori McKitrick, MA, CCC-SLP, MBA
Senior Director of Operations and Clinical Outcomes for Oncology Rehab Partners, LLC, Marlborough, MA
