Lung Cancer Awareness

Let’s clear the air

Sparrow Herbert-Herman Cancer Center and Genentech present Let’s clear the air featuring Gordan Srkalovic, M.D., Sparrow Medical Oncologist/Hematologist and Director of Clinical Trials, and Sparrow Radiologist Michael Buetow, M.D. Join us as we discuss the benefits of CT lung screening and lifestyle changes to help in the prevention and treatment of lung cancer. The event will showcase a large lung model for visitors to step inside and learn about various structures, normal lung functions, observe examples of lung trauma and disease, and view displays about the latest respiratory medical treatments.
