GOAL: To reduce barriers to clinical trials enrollment.

ACTION: Develop a cover sheet for providers to use when components of clinical trials need clarification - prior authorization.

Cover Sheet Promotion

- MCC Annual Meeting
- Hospital Cancer Committee Meetings

Cover Sheet Location: michigancancer.org

2017 downloads: 261 times

Spring 2017: MCC members were surveyed about their knowledge and use of the cover sheet.

- 23 MCC members promote clinical trials and are aware of the cover sheet (N=40)
- 24 MCC members promote clinical trials and enroll patients (N=40)
- 2 MCC members enroll patients and use the cover sheet (N=40)

(Numbers indicate the count of respondents who indicated that they use or do not use the cover sheet, with one indicating unsure.)
Fall 2017: MSHO members were surveyed about their knowledge and use of the cover sheet.

- 45.5% of respondents enroll patients in clinical trials (N=112)
- 75.5% of respondents have someone on their team who fills out a standardized prior authorization form when required by the insurance carrier (N=110)
- 18.9% of respondents were aware of the cover sheet (N=111)
- 10.9% of those aware of the cover sheet use it in their office (N=100)

Top 4 reasons MSHO members reported for not using the cover sheet:

1. Do not know how to access it
2. It is not needed in their office
3. Do not understand the purpose of the cover sheet
4. "Other"
   - Not within the scope of their work
   - Unsure if the cover sheet is used
   - Refer off-site for clinical trials
   - Another form is used
